CST Storage Celebrates Completion of OSHA Training *Introduces 2012 Safety Committee and First Responder Team*

DEKALB, Ill. (Feb. 28, 2012) – CST Storage is committed to providing a safe working environment for its employees. To that end, several team members from the company’s manufacturing facility in DeKalb, Ill.

Safety Committee Members (pictured above, L to R): Brian Eglund, Terry Reints, Ellen Svehla, Frank Johnson, Kay Robinson, Roy Kelm and Larry Link

First Responder Team – First Shift (pictured right, L to R): Tim Parker, Rick Schaefer, Larry Link, Bob Reines, Brian Eglund and Ellen Svehla

recently celebrated the completion of the Occupational Safety and Health (OSHA) 30-hour training program.

“This group will bring a wealth of safety knowledge to the rest of our team and help continue to ensure that safety is our number one priority,” said Ellen Svehla, Manufacturing & Safety Coordinator for CST Storage.

CST Storage is the global leader in the manufacture of glass-fused-to-steel storage tanks.

First Responder Team/Safety Committee Members – Second Shift (pictured left, L to R): Richard Fowler, Ron Brotz, Randy Musich and Cruz Badillo

About CST:

CST is the world's largest provider of modular, bolted storage tanks and custom aluminum domes and covers. CST manufactures the leading tank coating technologies in the industry providing both glass-fused-to-steel porcelain enamel and a proprietary cured epoxy system through CST Storage. Custom aluminum domes and dry bulk covers are designed and manufactured by the TemcorConservatek division. Turn-key storage and material handling solutions are created by its Weaver Reclaimer Systems group and are delivered throughout CST's global network. Manufacturing facilities and technical design centers are located in Parsons, Kansas; Winchester, Tennessee; DeKalb, Illinois; Conroe, Texas; Gardena, California; Rincon, Georgia and the United Kingdom. Regional sales offices are located throughout North America and in Mexico, Argentina, United Kingdom, Dubai, Singapore and Vietnam.
