

TANK UNDER FIRE. RELY ON CST.

UNRIVALED EXPERIENCE: With over 130 years of history, CST is the firmly established leader in bolted and factory-welded steel tanks. Offering the best and longest lasting coatings for fire production storage - TecTank™ Trico Bond EP® epoxy and Aquastore® Vitrium™ glass-fused-to-steel – we have proven experience in designing solutions that meet your requirements.

DELIVERING WHAT CUSTOMERS NEED BEFORE, DURING AND AFTER CONSTRUCTION

- Tank Manufacturing Expertise – CST is the largest factory-coated tank manufacturer with over 350,000 tanks in over 125 countries
 - Fire protection storage tanks for distribution warehouses, military bases, retail stores, power plants, oil refineries, manufacturing plants, beverage plants, industrial parks, hospitals, schools, and data centers
- Complete Submittal Packages – CST supplies detailed drawings, engineering calculations, and foundation designs all stamped by licensed professional engineers
- Rapid Construction – Time and money are saved when CST's tanks are constructed in 1/3 the time of field-welded
- Safe Construction – CST tank designs facilitate safe construction procedures
- Dedicated Project Managers and Engineers – Save time and reduce risks with dedicated professionals and integrated solutions
- Limited Space Designs – CST's tanks are designed for construction and use in tight locations where obstructions such as buildings, pipe racks and air conditioning units may restrict the tank's ideal location

HIGHEST QUALITY

- Meet or exceed NFPA 22, FM, USACOE and other industry standards
- All CST tanks are factory coated in environmentally controlled conditions at 9001ISO Certified facilities
- TecTank tanks are factory-coated with electrostatically applied proprietary epoxy coating using CST's OptiBond™ Coating Process
- Aquastore tanks with Vitrium glass-fused-to-steel coatings are fused to the base metal at 1,500° F in a state-of-the-art manufacturing facility
- The Green alternative to field welded tanks – No on site VOC's

BEST VALUE

Aquastore® glass-fused-to-steel tanks offer the lowest total life cycle costs in the industry

TecTank™ epoxy tanks offer the lowest initial costs without sacrificing coating quality and durability

Reduce potential delays since CST's factory-coated tanks can be constructed in almost any weather conditions

Reduce construction time and costs with CST tanks that can be constructed in 1/3 the time of field welded tanks

CST's superior factory-applied coatings extend tank life to reduce overall maintenance costs

Bolted tank designs make them easy to expand and relocate

Extensive color choices

TANK ACCESSORIES ALSO AVAILABLE FOR A COMPLETE, TURNKEY SOLUTION

- > Heaters
- > Insulation
- > Level indicators
- > Foundation designs
